

STATEMENT REGARDING ADMINISTRATION ACTIONS IN IRAN

Santa Ana, Calif. (March 2, 2026) – The recent pattern of military actions in Iran, Cuba, Venezuela, Palestine, and in the streets of our nation has caused great loss of life for both civilians and service members abroad.

Creating fear, division, and distraction is clearly this administration’s response to the rising cost of food, housing, and healthcare that our OC families face every single day.

Our focus must be on addressing the needs of our residents at home rather than entering conflicts overseas.

Supervisor Vicente Sarmiento was elected to the Orange County Board of Supervisors in November 2022. He represents the Second District, which includes Santa Ana and portions of Anaheim, Garden Grove, Orange, and Tustin. For additional information, visit <https://d2.ocgov.com/supervisor>.
