

HEIGHTENED LAW ENFORCEMENT VIGILANCE AFTER INCIDENT IN SAN DIEGO

Santa Ana, Calif. (May 19, 2026) – In the aftermath of the tragic loss of life at the Islamic Center of San Diego, condemnation is not enough, which is why our office has requested local law enforcement agencies to heighten public safety measures around Islamic centers of worship in the Second District.

Though there are currently no credible threats reported in Orange County, our local police departments are monitoring the situation and taking enhanced measures to ensure the community's safety.

We have recently seen that Orange County is not immune from hate speech targeting our Muslim neighbors based on their faith, and I appreciate the heightened awareness and preparedness of our police departments in protecting places of worship.
